PROGRAM DESCRIPTION

Become the Third Man *(Keynote Description- 30 min)*

Being an international missionary, growing up on a farm, and being raised by two teachers provides Wiley with plenty of stories that show his audience that real success is going out of the way to help others. Wiley's stories demonstrate that small efforts to help others make big differences and that someone in their life needs them. Students learn that helping others is not always easy but it is always worth it

Play Your Part *(Workshop Description- 45 min)*

Playing the banjo and traveling with a bluegrass band for ten years has taught Wiley lessons about the importance of playing his part on stage, and in other's lives. In an interactive and fun workshop-environment, Wiley teaches students that we all have something to offer people around us, even if it is a small deed of service.
